

14 May 2020

RELEASE

Transgaz notifies all stakeholders that under Order no. 75/6 May 2020 issued by the National Energy Regulatory Authority, published in the Official Journal no. 386/13.05.2020, a Regulated Rate of Return (RRR) level of 6.39 % expressed in real terms before tax, applied to the establishment of the tariffs related to the gas transmission system by the end of the fourth regulatory period was approved.

Pursuant to ANRE Order no. 41/2019 on the approval of the *Methodology on the establishment of the regulated tariffs related to the gas transmission services*, an incentive amounting to 1 percentage point over the regulated rate of return on the invested capital is granted for the capital invested in the tangible and intangible assets – representing objectives of the gas transmission system - commissioned /accepted within the fourth regulatory period.

Transgaz is the sole technical operator of the National Gas Transmission System (NTS) and ensures the achievement of the national strategy goals for internal and international gas transmission, dispatching, research and design, in conditions of efficiency, transparency, safety, non-discriminatory access and competitiveness, in line with the Romanian and European applicable laws, and with the quality, performance, environmental and sustainable development standards.
