09.02.2026

Dear partners,

Please be informed that the auctions regarding the unbundled capacities offered at the interconnection point:

- **Isaccea 1, in the UA>RO direction (EIC code: 21Z000000000304Z, GMOIS code: PM0278)** and
- **Isaccea 1, in the RO>UA direction (EIC code: 21Z000000000304Z, GMOIS code: SM1274D0)**

for the monthly firm unbundled capacity for the month of MARCH of gas year 2025/2026, was registered in the Regional Booking Platform (RBP).

The auction notification regarding the offered capacity is published on the RBP Portal.

The Network Users will be entitled to participate in the auction if:

A. they completed the registration in the RBP application. Details on the RBP registration may be found at the public website of the application at: https://ipnew.rbp.eu/RBP.eu/#register. The registration of a Network User in the RBP application is conditional on the prior conclusion of a *Network User membership agreement for the usage of the Regional Booking Platform* between the Network User and the operator of the application, meaning FGSZ Ltd.

and if, till **10:00 a.m. (UTC), on Tuesday, 10 February 2026**:

B. they concluded with Transgaz the frame gas transmission contract established in No. 130/24.06.2020 on measures for transmission capacity booking at the interconnection points between the Romanian Gas Transmission System and the Gas Transmission Systems of states neighbouring Romania, as amended and supplemented, available here;

C. they submitted the auction participation guarantee at Transgaz.

The entire available firm capacity offered in IP Isaccea 1, on the entry direction, is with access to the VTP.

The capacity available in IP Isaccea 1, on the exit direction, is offered on the RBP platform, according to the provisions of ANRE Order no. 80/2022 on the amendment and supplementation of some orders of the President of the National Energy Regulatory Authority, i.e. capacity without access to the VTP, subject to the booking by the same NU of a capacity at least equal to the capacity in IP Negru Voda 1/Kardam, on the entry direction to Romania.

The firm unbundled capacity auction will start on **16.02.2026** at 08.00 a.m. (UTC), meaning 09.00 a.m. Hungarian time (CET) and 10.00 a.m. Romanian time and Ukrainian time (EET). The Network Users may submit in the auction bids for the requested capacity in subsequent rounds, applying pre-determined price steps (ascending clock auction). Additional information regarding the auction process may be found in the Operational Rules of the Regional Booking Platform (PRRC) and in the User Manual for the Bidder Role.

The winning Network Users have the obligation to pay the capacity booking fee related to the obtained capacity, any auction premium calculated following the performance of the auction, and, if applicable, the commodity fee for the transmitted gas quantity.

For further clarifications regarding the auctions, please do not hesitate to contact us at support@rbp.eu (English) or at rbp@transgaz.ro.

Yours sincerely,

SNTGN Transgaz SA
