

Dear partners,

In accordance with the provisions of Article 29 of the Network Code on Capacity Allocation Mechanisms (CAM NC), on 1 July 2024, incremental capacity auctions were held within the incremental capacity procedure on IP Isaccea 1/Orlovka 1 (RO→UA) for the capacity levels defined in the joint project proposal of GTSOU and Transgaz approved by Decision No. 831/30.04.2024 of the Regulatory Authority of Ukraine (NEURC) and by Decision of ANRE of Romania No. 797/22.04.2024.

No incremental capacity requests were registered within the auctions, so the incremental capacity auctions were automatically closed.

As a result, the incremental capacity procedure was unsuccessful at the interconnection point IP Isaccea 1/Orlovka 1 (RO→UA), the process was declared closed.

Best regards,

GTSOU and Transgaz S.A.
