Annex 1

Framework gas transmission contract

concluded as a result of the auctions for capacity booking at the interconnection points of the national gas transmission system in Romania with the transmission systems of the EU Member states neighboring Romania

The National Gas Transmission Company Transgaz S.A. Mediaș, headquartered in Mediaș, 1 C. I. Motas Square, Sibiu County, tel. 0269-803333, 0269-839031, e-mail cabinet@transgaz.ro, registered with the Trade Register under no. J32/301/2000, tax no. RO13068733, transfer account IBAN RO 09 RNCB 0231 0195 2531 0001, opened with B.C.R. Mediaș, as transmission service provider, hereinafter referred to as the transmission system operator or the TSO, on one hand and

The Network User, hereinafter referred to as the NU, having the identification data mentioned in the declaration of the legal or conventional representative of the NU, as the beneficiary of the transmission service, on the other,

hereinafter referred to individually as the Party and together as the Parties, have agreed to conclude this gas transmission contract based on the confirmation of the results of auction held on the Regional Booking Platform, operated by Földgázszállító Zártkörűen Működő Részvénytársaság – FGSZ Ltd, hereinafter referred to as RBP, for capacity booking in the interconnection point(to be filled in with the name and EIC code of the interconnection point of the national gas transmission system in Romania with another gas transmission system in a EU Member State neighboring Romania), hereinafter referred to as *interconnection point*.

I. – Terminology; applicable law and other applicable documents

Art. 1 - (1) The terms used in the gas transmission contract, hereinafter referred to as the Contract, are defined by Commission Regulation (EU) No. 984/2013 of 14 October 2013 establishing a Network Code on Capacity Allocation Mechanisms in Gas Transmission Systems and supplementing Regulation (EC) No 715/2009 of the European Parliament and of the Council, by Electricity and Gas Law No. 123/2012, as further amended and supplemented, and by the Network Code of the National Gas Transmission System, approved by Order No. 16/2013 of the President of the National

Energy Regulatory Authority, as further amended and supplemented, hereinafter referred to as the *Network Code*.

(2) The Contract is supplemented with the provisions of Commission Regulation (EU) No. 984/2013 of 14 October 2013 establishing a Network Code on Capacity Allocation Mechanisms in Gas Transmission Systems and supplementing Regulation (EC) No. 715/2009 of the European Parliament and of the Council, the provisions of the Civil Code, Electricity and Gas Law No. 123/2012, as further amended and supplemented, the National Energy Regulatory Authority (ANRE) regulations, the Network Code, the Interconnection Agreement for the interconnection point, concluded between the National Gas Transmission Company Transgaz S.A. Mediaș and (to be filled in with the name of the operator of the adjacent gas transmission system in a EU Member States neighboring Romania), hereinafter referred to as the *Interconnection Agreement*, and the Operational Rules of the Regional Booking Platform, hereinafter referred to as RBP.

(3) The statutory declaration of the legal or conventional representative of the Network User and the electronic message for the confirmation of the RBP auction result are part of the Contract.

(4) The Contract is supplemented with the terms and conditions of the gas transmission contracts concluded as a result of the auctions for the capacity booking at the interconnection points, under Annex 3 - 6 to Order 88/2016 of the ANRE President on measures for transmission capacity booking at the interconnection points between the Romanian Gas Transmission System and the EU Member States neighboring Romania.

II. Scope of contract

Art. 2 - (1) The scope of the Contract, is the provision of gas transmission services, such services designating all the activities and operations carried out by the TSO for or in connection with the booking of standard transmission capacity products at the interconnection point according to the Interconnection Agreement.

(2) If the standard transmission capacity product awarded following the interconnection point capacity booking auctions is transmission capacity booking in the exit direction from Romania, the Contract scope in paragraph (1) shall be supplemented with the activities and operations executed by the TSO for or in connection with the transmission through the National Transmission System (NTS) of the gas amounts expressed in energy units, up to the Interconnection point.

(3) The TSO and the NU shall note that the capacity is booked at the interconnection point under the Contract, in accordance with the Operational Rules of the Regional Booking Platform.

(4) The transmission capacity booked at the interconnection point is in kWh/h (25°C/0°C) or kWh/day (25°C/0°C) and is the capacity allocated to the NU following the auctions organized

compliant with the Operational Rules of the Regional Booking Platform, according to the electronic confirmation of the successful auction.

(5) The gas quantities nomination/renomination and allocation procedures are compliant with the provisions of the Interconnection Agreement.

(6) The commercial balancing, the invoicing of the imbalances, the application of the tariff for exceeding capacity, of the tariff for failure to ensure the booked capacity and the allocation to the NU of the difference between the expense and the revenue resulted from the TSO's balancing actions are performed according to the provisions of the Network Code.

III. – Contract duration

Art. 3 - (1) The Contract shall be concluded for the period starting on and ending on [the dates mentioned in the electronic confirmation of the successful auction, organized within the RBP, sent by the RBP operator, according to the standard capacity product booked].

(2) The Contract date is [the date of receipt of the electronic confirmation of the successful auction on the Regional Booking Platform].

(3) The TSO and the NU shall explicitly agree that the date of the contract for bundled capacity booking on the Romanian side is the same as the date of the pair contract for bundled capacity booking on the other side of the interconnection point, starting with the date of receipt of the electronic confirmation of the successful auction

IV. – Gas metering at the NTS entry/exit points

Art. 4 - (1) The gas quantities shall be metered and the quantities of energy entering and exiting the NTS through the interconnection point shall be determined in accordance with the Interconnection Agreement.

(2) The gas quantities circulated through the interconnection points shall comply with the minimum quality specifications established by the Interconnection Agreement.

V. – Applicable tariffs. Payment and invoicing terms and conditions

Art. 5 - (1) The NU shall pay to the TSO the value of the transmission capacity booked based on the capacity booking tariff applicable at the moment of use of the booked capacity, plus the premium resulted from the auction. In the situation stipulated at Art. 2, paragraph (2), the NU shall pay the TSO additionally the volumetric component tariff applicable to the amount of gas transmitted set based on the final allocation, for the period of use of the booked capacity.

(2) As applicable, the NU shall pay additionally to the TSO the tariffs under the Network Code. Invoices issued to this effect shall be paid within 15 calendar days from the invoice date. If the due date is a non-working day, such date is deemed achieved on the next working day.

(3) The firm gas transmission services provided shall be invoiced in lei based on the booked capacity, the number of hours in the invoicing period and the natural gas quantities set based on the final allocations, in line with the provisions of the Interconnection Agreement.

(4) The interruptible gas transmission services provided shall be invoiced in lei based on the booked capacity, the number of hours in the invoicing period in which the transmission services were not limited/interrupted and the gas quantities, according to the final allocations compliant with the Interconnection Agreement.

(5) The payment method as well as the designation of the agreed banks for the banking operations shall be agreed in compliance with the applicable laws.

(6) Invoices issued according to par (3) and (4) shall be paid in accordance with the documents mentioned at Art. 3, paragraph (2) of Order No. 88/2016 of the President of the National Energy Regulatory Authority, as applicable. If the due date is a non-working day, such date shall be deemed achieved on the next working day.

(7) The advance payment of the transmission service invoices shall be made until the commencement of the transmission service based on the advance payment invoice issued in this respect.

(8) The payment obligation shall be deemed met at the date of entry of the relevant total amounts to the TSO's account.

VI. – TSO's rights and obligations

Art.6. TSO shall be entitled to:

- a) receive the value of services provided and of the delay penalties;
- b) execute the payment guarantee submitted by the NU in case of failure to pay the invoices issued until their maturity date;
- c) limit or interrupt the transmission services, with a prior notice of 3 calendar days, if the payment obligations are not fulfilled according to the terms and conditions of the Contract;
- d) limit or to interrupt the firm transmission services, if the NU fails to comply with the provisions of Chapter VIII - 'Guarantees';
- e) limit or interrupt the transmission services, if the NU fails to comply with the provisions of the documents under Art. 1, paragraph (2), with a prior notice of at least 3 days;
- f) refuse to take over in the NTS the gas non-compliant with the minimum quality

- specifications established under the applicable laws;
- g) invoice the value of the `Deficit` imbalance of the NU, including the delay penalties, based on the provisions and tariffs under the Network Code;
 - h) invoice to the NU the value of the transmission services provided under the scope of the Contract, based on the capacity booking tariff applicable at the moment the booked capacity may be used, plus the premium resulted from the auction, and the volumetric tariff applicable for the period the booked capacity may be used for the amount of gas transmitted delay penalties;
 - i) limit or interrupt, as appropriate, the firm transmission services for the execution of unplanned maintenance works, notifying the NU of such limitation or interruption within maximum 6 hours;
 - j) limit or interrupt, as appropriate, the firm transmission services for the execution of planned maintenance works;
 - k) all other rights according to the documents under Art. 1, paragraph (2).

Art. 7 – The TSO shall:

- a) notify the NU with regard to possible limitations or, as appropriate, interruptions of the transmission services in case of the NU's payment default;
- b) resume the transmission services within 24 hours from the date of NU's meeting payment obligations;
- c) enable NU's access to the data/documents substantiating an invoice when the NU is disputing such invoice;
- d) takeover, transmit and deliver the confirmed quantities, expressed in energy units to the NU according to the Interconnection agreement and in compliance with the quality specifications established by it;
- e) answer and settle the NU's complaints regarding the transmission services, according to the applicable laws;
- f) pay in full and to date the invoices issued by the NU for the value of the `Surplus` imbalance of the NU;
- g) pay the NU the tariff for the non-providing of the firm capacity booked;
- h) initiate the amending and/or supplementing of the Contract in case of modification of the circumstances which are at the basis of its signature;
- i) all the other obligations under the documents at Art. 1, paragraph (2).

VII. – NU's rights and obligations

Art. 8 – The NU shall be entitled to:

- a) refuse to take over at the NTS exit point gas not complying with the quality specifications set by the applicable laws;
- b) dispute the invoice issued by the TSO and request access to data/documents substantiating the relevant invoice;
- c) invoice the value of the `Surplus` imbalance recorded, including the delay penalties, based on the provisions and tariffs under the Network Code;
- d) request the TSO to amend the Contract in case of modification of the circumstances which are at the basis of its signature;
 - a) all the other rights under the documents at Art. 1, paragraph (2).

Art. 9 - The NU shall:

- a) pay fully and by the due date the invoices issued by the TSO according to the provisions of the Contract and of the documents at Art. 1, paragraph (2);
- b) accept the limitation/interruption of the transmission service according to the Contract;
- c) establish the guarantees under Art. 10 and Art. 11;
- d) all the other obligations under the documents at Art. 1, paragraph (2).

VIII. – Guarantees

Art. 10 (1) The NU may be exempted from the obligation to establish the financial guarantee under Art. 11 in the favor of the TSO if:

- a) it makes the proof of a credit rating issued by one of the rating agencies Standard & Poor`s, Moody`s or Fitch, at least at the same level as that of the TSO, valid over the Contract duration;
- b) it pays in advance the value of the transmission services according to Art. 5, paragraph (8).

(2) If, during the execution of the Contract the NU`s rating or the issuing rating agency according to the provisions of paragraph (1), letter a) changes, the NU shall to notify the TSO within 3 days from the occurrence of the change and prove it complies with the provisions of Art 2 of the `Terms and conditions of the annual/quarterly gas transmission contracts concluded as a result of the auctions for the capacity booking at the interconnection points` (Annex 3), the `Terms and conditions of the monthly gas transmission contracts concluded as a result of the auctions for capacity booking at the interconnection points` (Annex 4) or the `Terms and conditions of the daily gas transmission contracts concluded as a result of the auctions for the capacity booking at the interconnection points` (Annex 5), as applicable, within no more than 30 consecutive days from the occurrence of the modification.

Art. 11 – (1) The NU shall submit the payment guarantee in the form of:

- a) a letter of bank guarantee in lei or euro equivalent at the European Central Bank in the day the guarantee is issued; and/or
- b) a guaranteed account (collateral deposit), in lei or in euro equivalent at the European Central Bank in the day the guarantee is issued and/or
- c) an escrow account in lei or in euro equivalent at the European Central Bank in the day the guarantee is issued.

(2) The TSO shall accept the letter of bank guarantee issued by a bank having a rating granted by one of the rating agencies: Standard & Poor's, Moody's or Fitch, at least at the 'investment grade' level. The equivalence between the ratings granted by the three agencies shall be published on the website of the TSO.

Art. 12 – (1) If the NU provides the letter of good standing in accordance with Art 10, paragraph (1), letter a), the TSO may request, in certain justified cases, the establishment of a payment guarantee according to Art. 11 or the advance payment of the payment obligations resulting from the commercial relationship with the NU. The request of the guarantee or advance payment shall be provided and explained to the NU in writing.

(2) For the transmission services a justified case is considered the situation in which a NU is in delay payment for an amount representing at least 10% of the value of the last invoice or of the value of the partial payment obligations, after the receipt of a notice from the TSO to that effect.

Art. 13 – (1) The TSO shall be entitled to execute the guarantees under this chapter unless the NU fulfills its contract obligations completely or partly or if it delays fulfilling such obligations.

(2) Prior to executing such guarantee, the TSO shall notify the NU on the non-fulfilled obligations.

(3) The TSO shall send the guarantee execution notification by fax within 24 hours from the expiration of the due date of the transmission services invoices.

(4) If the guarantee is executed partly or completely, the NU shall re-establish the guarantee according to Art. 3, paragraph (2), letter a) and paragraph (3) of the 'Terms and conditions of the quarterly/annual gas transmission contracts concluded as a result of the auctions for the capacity booking at the interconnection points' (Annex 3) or the 'Terms and conditions of the monthly gas transmission contracts concluded as a result of the auctions for capacity booking at the interconnection points' (Annex 4), as applicable.

IX. – Confidentiality

Art. 14 - (1) The Parties shall keep confidential all data, documents and information obtained during the execution of the Contract.

(2) Notwithstanding the provisions of paragraph (1), confidential data, documents and information shall not include any data, documents and information:

- a) known to a contracting Party prior to the date of disclosure by the other contracting Party, or
- b) disclosed following receipt of the written consent of the other contracting Party for such disclosure, or
- c) which must be produced as a legal duty on disclosure.

(3) The provisions of this Article shall be effective for a period of 5 years form Contract expiration.

(4) Failure to comply with the obligations arising from paragraphs (1) to (3) shall hold liable the Party in default, according to the provisions of the law.

X. – Contract liability

Art. 15 - (1) Failure to meet the invoice payment obligation by the due date established at Art. 5, paragraph (2) shall determine the execution of the guarantee established in this respect and the payment of delay penalties, calculated for the outstanding amount, equal to the default interest due for the non-payment of the budgetary obligations by the due date, for each day of delay, from the due date and until its full payment.

Art. 16 - (1) The full or partial culpable breach of the contract obligations by the NU, other than the payment obligations, shall entitle the TSO to claim damages, proportionally with the prejudice, according to the applicable law.

(2) The full or partial culpable breach of the contract obligations by the TSO shall entitle the NU to claim damages, proportionally with the prejudice, according to the applicable law.

(3) The debtor of the obligation shall be deemed in default by the meeting of the due dates set for the execution of contractual obligations, except as specifically set forth in this Contract.

XI. – Force Majeure/Act of God

Art. 17 - (1) Force majeure is an event that is external, unforeseeable, absolutely invincible and unavoidable, which exonerates the Parties from liability, according to Art. 1351 of the Civil Code.

(2) If the Force Majeure event does not cease within 15 days, for the monthly contracts, and within 30 days for the quarterly and annual contracts, either Party shall be entitled to request the termination of the Contract de jure, without any of the Parties being entitled to claim damages.

(3) The Party claiming Force Majeure shall notify the other Party of such occurrence in writing, within no more than two days from the occurrence of the event, and the proof of the Force Majeure shall be communicated within maximum 15 days from such occurrence.

Art. 18 - (1) Act of God is an event which cannot be foreseen or prevented by the Party which would have been required to respond if the event had not occurred in the conditions of Art. 1351 of the Civil Code.

(2) The provisions of Art. 17, paragraphs (2) and (3) shall apply accordingly.

XII. – Termination

Art. 19 - (1) The Contract shall be terminated:

- a) at Contract expiry according to Art. 3;
- b) by operation of law, through the termination of the pair contract concluded between the NU and (to be filled in with the name of the adjacent transmission system operator in the EU Member State neighboring Romania) in the situation of bundled standard capacity products booking;
- c) by the tripartite agreement of (to be filled in with the name of the adjacent transmission system operator in the EU Member State neighboring Romania) the National Gas Transmission Company Transgaz SA Mediaş and the NU, for any reason, in the situation of bundled standard capacity products booking;
- d) by the agreement of the Parties, in the situation of bundled standard capacity products booking;
- e) by unilateral termination, in case of bankruptcy, dissolution or liquidation, as applicable, of the contractual partner based on a prior notice;
- f) by unilateral termination, under the conditions of Art. 17 and Art. 18;
- g) by unilateral cancellation, under the conditions of Art. 1552 of the Civil Code.

(2) The termination of the Contract shall bear no effect on the contracting obligations arisen validly during the execution of the Contract, independent of their deadlines.

XIII. – Notifications

Art. 20 - (1) During the execution of the Contract, the TSO and the NU shall notify each other in writing, at the address of the NU indicated in the declaration of the legal or conventional representative of such NU, and at the address indicated on the website of the National Gas Transmission Company Transgaz SA Mediaş, with regard to any change in the circumstances considered on the Contract effective date.

(2) For this Contract, change in the circumstances shall mean the application, amendment or cancellation of a normative act regulating completely or partially the Contract or the terms and conditions of the Contract.

(3) The notification period shall be of maximum 3 calendar days from the occurrence of the modification, unless otherwise stipulated by the Contract.

(4) The notifications between the TSO and the NU may also be sent by fax or e-mail, conditional on the written confirmation of the receipt.

(5) Any written document must be registered when sent as well as when received.

XIV. – Applicable law and settlement of the disputes

Art. 21 - (1) The Contract shall be governed by and construed in accordance with the Romanian law.

(2) The TSO and the NU agree to amicably settle any dispute arising in relation to the validity, interpretation, execution and termination the Contract. If not, the disputes shall be referred to the competent Romanian law courts.

XV. – Transfer

Art. 22 - (1) Neither Party shall be entitled to transfer to a third party in any way, totally or partially, its rights and/or obligations established by this gas transmission Contract for standard bundled capacity products, except with the written consent of (to be filled in with the name of the adjacent transmission system operator in the EU Member State neighboring Romania) the National Gas Transmission Company Transgaz S.A. Mediaş and the NU, which cannot be refused without any justification.

(2) Neither Party shall be entitled to transfer to a third party in any way, totally or partially, its rights and/or obligations established by this gas transmission Contract for standard unbundled capacity products, except with the written consent of the other Party, which cannot be refused without any justification.

(3) The transfer intention notification shall be sent to the other Parties at least 5 working days prior to the intended transfer date.

(4) The notified Parties shall send a reasoned answer within maximum 3 working days from the notification receipt date.

(5) If the Party notified in accordance with paragraph (3) fails to answer or, as applicable, fails to send a reasoned answer, the transfer intention shall be deemed:

- a) not accepted, in the case of Contract transfer, according to the applicable law;
- b) accepted, in the case of debt transfer.

XVI. – Final clauses

Art. 23 – The Contract is concluded in Romanian.

Terms and conditions

of the annual/quarterly gas transmission contracts concluded as a result of the auctions for the capacity booking at the interconnection points

I. – Payment and invoicing terms and conditions

Art. 1 – (1) The invoices issued for the transmission service shall be paid within 15 calendar days from the invoice date. If the due date is on a non-working day, this deadline shall be deemed as achieved on the next working day.

(2) The transmission services shall be invoiced as follows:

a) if the NU chooses not to pay in advance, the TSO shall issue and send to the NU, until day 15 of the month following the month for which it provided the transmission service, an invoice for the transmission services provided for the previous month, prepared in line with the provisions of this contract;

b) if the NU chooses to pay in advance, the TSO shall issue and send to the NU:

(i) at least 5 calendar days prior to the date of beginning of each service provision month, an invoice for payment in advance, the amount of which equals the value of the booked capacity, calculated for the period of the service provision month, to which it is added the value of the volumetric component calculated at the contractual level of the capacity for the same period in the situation stipulated at Art 2 , paragraph (2) of the Contract; the value of the volumetric component calculated at the level of the capacity provided in the contract for the same period;

(ii) within 15 working days from the end of the service provision month a payment settlement invoice, based on the monthly allocation.

II. – Guarantees

Art. 2 – The NU shall present to the TSO the payment guarantee in the amount established at Art. 3, within not more than 15 working days from the closing of the auction.

Art. 3 – (1) The level of the payment guarantee established by the NU shall be equal to twice the average value of the monthly invoices estimated for the transmission services of the following period of use.

(2) If the level of the payment guarantee:

a) is under the level stipulated at paragraph (1), the NU shall supplement the level of the financial guarantee accordingly;

b) is over the level stipulated at paragraph (1), the TSO shall return to the NU the difference between the actual level of the guarantee and the one provided in par. (1).

(3) The payment guarantee level shall be adjusted within no more than 5 working days from the date of the occurrence of the diminishing/increase compared to the level established, according to paragraph (1).

(4) The payment guarantee established according to paragraph (1) shall be valid starting with the bank day previous to the transmission service start date and shall expire in the 60th calendar day from Contract expiration.

Art. 4 – (1) The NU may choose not to establish a guarantee for the provision of the transmission service by making advance payments. In such case the NU shall state its advance payment option instead of establishing a guarantee, to the TSO, in writing, within not more than 7 working days prior to the closing of the auction.

(2) The amount of the advance payment shall be equal to the monthly invoice amount for the transmission services for the following period of use, issued in line with the provisions of art 1 par (2) letter b) point i.

(3) The advance payment/advance payment invoice is offset against the settlement invoice of the month for which the payment was made.

(4) If such advance payment does not cover the amount of the settlement invoice for the relevant month, the difference shall be paid by the NU on the invoice due date.

(5) The NU may request a cancellation of the advance payment option, provided the establishment of a payment guarantee according to Art. 10, paragraph (1), letter a) or Art. 11 of the contract.

III. – Liability

Art. 5 – Failure to meet transmission service invoice payment obligation by the due date shall incur:

a) delay penalties, calculated for the outstanding amount, equal to the default interest due for the non-payment of the budgetary obligations by the due date, for each day of delay, starting with the 16th calendar day from the invoice issuing date and until its full payment, the payment date included, in case of failure to meet payment obligations by the due date;

b) the withholding from the established financial guarantee of the necessary amount to cover the complete or partial failure to meet the payment obligation;

c) the limitation/interruption the gas transmission service, with a prior notice of 3 calendar days, starting from the next day following the period of 15 calendar days, in case of complete or partial failure to meet the payment obligation.

Terms and conditions

of the monthly gas transmission contracts concluded as a result of the auctions for the capacity booking at the interconnection points

I. – Payment and invoicing terms and conditions

Art. 1 – (1) The invoices issued for the transmission service shall be paid within 15 calendar days from the invoice date. If the due date is on a non-working day, this deadline shall be deemed as achieved on the next working day.

(2) The transmission services shall be invoiced as follows:

- a) if the NU chooses not to pay in advance, the TSO shall issue and send to the NU, until day 15 of the month following the month for which it provided the transmission service, an invoice for the transmission services provided for the previous month, prepared in line with the provisions of this contract;
- b) if the NU chooses to pay in advance, the TSO shall issue and send to the NU:
 - (i) at least 5 calendar days prior to the date of beginning of each service provision month, an invoice for payment in advance, the amount of which equals the value of the booked capacity, calculated for the period of the service provision month, to which it is added the value of the volumetric component calculated at the contractual level of the capacity for the same period in the situation stated at Art. 2, paragraph (2) of the Contract;
 - (ii) within 15 working days from the end of the service provision month a payment settlement invoice, based on the monthly allocation.

II. – Guarantees

Art. 2 – The NU shall present to the TSO the payment guarantee in the amount established at Art. 3, within not more than 5 working days from the closing of the auction.

Art. 3 – (1) The level of the payment guarantee established by the NU shall be equal to the value of the monthly invoice estimated for the transmission services of the following period of use;

(2) If the level of the payment guarantee:

- a) is under the level stipulated at paragraph (1), the NU shall supplement the level of the financial guarantee accordingly;

b) is over the level stipulated at paragraph (1), the TSO shall return to the NU the difference between the actual level of the guarantee and the one provided in par (1).

(3) The payment guarantee level shall be adjusted within no more than 5 working days from the date of the occurrence of the diminishing/increase compared to the level established, according to paragraph (1).

(4) The payment guarantee established according to paragraph (1) shall be valid starting with the bank day previous to the transmission service start date and shall expire in the 60th calendar day from Contract expiration.

Art. 4 - (1) The NU may choose not to establish a guarantee for the provision of the transmission service by making advance payments. In such case the NU shall state its advance payment option to the TSO, in writing, within not more than two working days prior to the closing of the auction.

(2) The amount of the advance payment shall be equal to the monthly invoice amount for the transmission services for the following period of use, issued in line with the provisions of art 1 par (2) letter b) point (i).

(3) The advance payment/advance payment invoice is offset against the settlement invoice of the month for which the payment was made.

(4) If such advance payment does not cover the amount of the settlement invoice for the relevant month, the difference shall be paid by the NU on the invoice due date.

III. – Liability

Art. 5 - (1) Failure to meet transmission service invoice payment obligation by the due date shall incur:

- a) delay penalties, calculated for the outstanding amount, equal to the default interest due for the non-payment of the budgetary obligations by the due date, for each day of day, starting with the 16th calendar day from the invoice issuing date and until its full payment, the payment date included, in case of failure to meet payment obligations by the due date;
- b) the withholding from the established financial guarantee of the necessary amount to cover the complete or partial failure to meet the payment obligation.

Terms and conditions
of the daily gas transmission contracts concluded as a result of the auctions for the capacity
booking at the interconnection points

I. – Payment and invoicing terms and conditions

Art. 1 – (1) The invoices issued according to paragraph (2) shall be paid within 5 days from the invoice date. If the due date is on a non-working day, this deadline shall be deemed as achieved on the next working day.

(2) The transmission services shall be invoiced as follows:

- a) on the day following the day for which it provided the transmission service the TSO shall issue and send to the NU an invoice for the capacity booked, drawn up in line with the provisions of this contract;
- b) within 15 working days from the end of the service provision month the TSO shall issue and send to the NU a settlement invoice for the transmission service provided, based on the final allocation.

II. – Guarantees

Art. 2 The participation guarantee shall become payment guarantee.

III. – Liability

Art. 3 – Failure to meet transmission service invoice payment obligation by the due date shall incur:

- a) delay penalties, calculated for the outstanding amount, equal to the default interest due for the non-payment of the budgetary obligations by the due date, for each day of day. Thus:
 - (i) starting with the 6th calendar day from the booked capacity invoice issuing date and until its full payment, the payment date included, in case of failure to meet payment obligations by the due date;
 - (ii) starting with the 16th calendar day from the settlement invoice issuing date and until its full payment, the payment date included, in case of failure to meet payment obligations by the due date;
- b) the withholding from the established financial guarantee of the necessary amount to cover the complete or partial failure to meet the payment obligation.

Terms and conditions
of the gas transmission contracts concluded as a result of the auctions for the interruptible
capacity booking at the interconnection points

I. – Conditions for the limitation/interruption of the interruptible transmission capacity

Art. 1 - (1) The TSO, acting fairly and prudently, is entitled to limit/interrupt the interruptible capacity booked by the NU in order to ensure the safe and balanced operation of the NTS, if the total nominations exceed the gas quantity which may pass through the interconnection point.

(2) the reasons for the interruptions may include, without being limited to, the following: natural gas quality, pressure, temperature, flow profile, usage of firm contracts, maintenance works, restrictions upstream or downstream.

(3) The OST shall inform the NU with regard to the limitation/interruption of the interruptible transmission capacity granted in the conditions provided in article (1) – (2) and in line with the conditions of the Interconnection Agreement.

II. – TSO`s rights and obligations

Art. 2 - The TSO shall be entitled to limit or interrupt, as applicable the interruptible transmission services according to Art. 1.

III. – NU`s rights and obligations

Art. 3 - The NU shall be entitled to unconditionally accept the limitation/interruption of the interruptible transmission capacity according to Art. 1.
